GREAT *for* **COLLABORATION**
BRITAIN

“An Unbeatable Combination”

“The United Kingdom is known for its strength in technology and innovation.

India offers vast opportunities through its markets, skilled human resources, competitive economic environment.

The UK and India are an unbeatable combination, for enormously successful partnerships.”

Honourable Prime Minister of India
Shri Narendra Modi

Forge the future of India-UK collaboration with the smartest businesses and the brightest minds

The place to *connect, create, collaborate.*

TECH Summit was announced during Honourable PM Modi's landmark visit to the UK last year, and falls exactly a year on.

Mixing a trade expo, thought leadership and business-to-business conclave, TECH Summit will be a celebration of this **unbeatable combination**, providing a forum for business, a space for new connections, and a showcase of future technologies.
